Quality Gaskets Made in the USA

AN NSF-61 CERTIFIED, DIELECTRIC GASKET

Yellow Toruseal® has a dual-bulb design that provides positive sealing for ductile iron flange piping. Its high dielectric constant makes it perfect for protection against low-voltage currents to improve reliability, reduce corrosion, and minimize risk.

SPECIFICATIONS

- Meets ANSI/AWWA C111/A21.11 and ASTM D149 Standards
- 2"-24" rated for up to 350 PSI
- 30" and larger, rated for up to 250 PSI
- Made in the USA
- NSF-61 certified

Specification Rubber has continued to be a leader in water system quality, innovation, and technology since 1968. We are an ISO-certified manufacturer of NSF-61 certified gaskets and sealing solutions, manufacturing all of our products in the USA.
